

N° 42 : November 2017

VLUX is one of the most active world leaders in the development, production and commercialisation of quality weatherproof luminaires.

GREAT NEWS FROM VLUX !

We are glad to inform you that we have just launched our [PAS FARM LED](#) high efficiency weatherproof, specially developed for the chemically aggressive environment, including pig and chicken farms.

Externally, this new [PAS FARM LED](#) doesn't look very different than our standard LED weatherproof, but inside it is fitted with very special chemically resistant modules and a protected LED tube.
